From Palgrave Macmillan : A Global History of Trade and Conflict since 1500 before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Global History of Trade and Conflict since 1500:

This book explains the causes and consequences of the intersection of two transformative global forces - trade and conflict - since 1500. The nine historical case studies - interspersed over 500 years and spanning the globe - make a major historical contribution to the enduring debate about whether trade makes peace more likely.
