Have you ever wondered what separates the companies able to pull together when times get tough from the ones who fall apart? The answer is effective leadership. Find out how to become a successful leader, able to create a healthy and productive working environment where people are eager to work for you and for each other. Leaders Eat Last is a guide to leading with compassion and integrity, positively affecting the behavior of those you are in charge of. Many leaders today choose to rule with an iron fist and make decisions based on numbers alone. Understand why these techniques do more harm than good, and learn how to avoid making such mistakes, as you discover alternative methods that will help your company not only survive, but thrive. You will learn:

- About the different chemicals in our bodies that drive certain behaviors
- That you can't calculate success by focusing on numbers
- Why power must be shared throughout a company to make it more effective as a whole.
