Yael ZOFI : A Manager's Guide to Virtual Teams before purchasing it in order to gage whether or not it would be worth my time, and all praised A Manager's Guide to Virtual Teams:

0 of 0 people found the following review helpful. Hit the Target...worth the read.By Sherri C. KingSo, this book is written very well and readable for the average non-high tech person because it's focus is on the PEOPLE. The author uses great organization to his book highlighting the big picture view, then going specific into detail. He utilizes practical application stories, real life examples and so on. The philosophy taught in this book stretches beyond just virtual teams into our everyday life with our kids, spouses, friends, and interpersonal relationship. It really is a great gem because it's simple, articulate and delivers contextually what is needed for practical application. I was pleased from both a business and personal perspective.0 of 0 people found the following review helpful. Five StarsBy CustomerGreat condition0 of 0 people found the following review helpful. Five StarsBy SherbearThis book is fine

Maximize the power of teamwork — even when team members are worlds apart. With an increasing number of employees working remotely, it is more difficult than ever to ensure that team members are working smoothly and productively together. *A Manager's Guide to Virtual Teams* is a practical roadmap for bridging the logistical, cultural, and communication gaps that can prevent any virtual team from reaching its full potential. The book explores the four most critical elements to team success: • Trust and Accountability. Ten tips for creating trust within and across virtual teams • Communication. The particular challenges of the virtual world, especially in cross-cultural collaborations • Conflict Management. Examples, case scenarios, and resolution strategies • Deliverables. How virtual teams can get their work "out the door" faster and better *A Manager's Guide to Virtual Teams* features the author's proprietary Trust Wheel model, which includes powerful tools to help teams develop and ensure trust without face-to-face interaction. Filled with self-study exercises, activities, and advice based on the author's 20 years' consulting experience, this book can help any organization realize the promise of professionals working closely together—even if they've never met.
