Kate Ludeman, Eddie Erlandson : Alpha Male Syndrome before purchasing it in order to gage whether or not it would be worth my time, and all praised Alpha Male Syndrome:

0 of 0 people found the following review helpful. Great gift ideaBy milahan williamsVery well written and we read some snippets from this book at my college which made me want to buy the book. As an Alpha female this book is a must have. You will learn something and it is a good read.0 of 0 people found the following review helpful. Great book to help you learn to work effectively with ...By RosiebGreat book to help you learn to work effectively with alphas. They can be highly effective if you handle correctly!!0 of 0 people found the following review helpful. Worth A ReadBy WingoThe book is well worth a read especially when dealing with alpha males in the workplace. But for

those of us who also have these traits it offers insight into how to overcome negative outcomes.

The business world swarms with alpha malespowerhouses who take charge, produce astonishing results, and bring enormous value to their organizations. But many alphas also leave a path of destruction in their wake. Competitive, belligerent, and impatient, these hard-charging leaders can run roughshod over colleagues and employees, to the detriment of their careers and the bottom line.In Alpha Male Syndrome, Kate Ludeman and Eddie Erlandson build on their Harvard Business Review article Coaching the Alpha Male, sounding a wake-up call to all alphas and the companies they work for. The authors show alphas how to leverage their unique strengths while confronting their destructive flip side risks. They describe the distinguishing dynamics of the alpha male syndrome and identify four breeds: commanders, executors, strategists, and visionaries. By understanding each type's nuances, alphas can transform themselves into more effective leaders. And those who work with alphas can transform nightmare work groups into collaborative dream teams. Exercises, checklists, and tips enable readers to harness the enormous power of the alpha personality while minimizing the downsides of alpha behavior.
