The explanations of core concepts are simple and elegant, with the appropriate amount of explanations given. It is well laid out and easy to consult. The scripts of sample language and the charts are great additions. Congratulations to the authors for a friendly and comprehensive parliamentary manual. Congratulations to the publishers for releasing a searchable kindle version! I'm so glad to have both forms. Because of its emphasis on fairness and its ease of use, I predict this book will be adopted as the parliamentary authority (over Robert's Rules of Order) in many organizations.

I bought it as a "gift" for our incoming Senate Chair and also for our Senate Parliamentarian at our university. We have elections from the faculty each year and this makes a welcome gift from me, the only regular staff person in the office! I admire the fine job they do and a little extra reference help is always appreciated. This is the best I've found. I even waited for the reprints to be available. Buy it from the source.

By Evolved Organism A thorough and modern parliamentary authority without the archaic vestiges of 19th century practices that are still found in older parliamentary authorities.

The classic guide to meeting procedure—updated to meet the needs of today's organizations For more than 60 years, American Institute of Parliamentarians Standard Code of Parliamentary Procedure (formerly, the Sturgis Standard Code) has been helping meeting organizers and participants ensure fairness and justice on a consistent basis. This updated edition provides important new motions and protocols pertaining to electronic meetings, discipline, and finance and audit committees. “The Standard Code lays out the rules in a clear, concise, and readable format for all to use.” —former U.S. Senator Don Nickles “Meeting rules can be abstruse, even to the point of frustration to the average member in an organization. The Standard Code promises to keep the rules simple and understandable—and has delivered on its promise for more than sixty years.” —Robert Dove, Parliamentarian Emeritus of the United States Senate “Takes uncommon terminology and puts it in everyday terms for more clarity in meetings. The Standard Code is an important addition to any parliamentary library.” —Ronald R. Stinson, NAP President 2009-2011 “The meeting-attende who picks this book up will not only become proficient in the use of the meeting rules, but will also learn the important democratic principles behind the rules.” —Congressman Mike Simpson (Idaho) “Comprehensive and easily understandable.” —Perry Opin, D.D.S., M.Sc.D., Speaker of the House of Delegates of the Connecticut State Dental Association

About the Author American Institute of Parliamentarians (AIP) is a not-for-profit educational organization founded in 1958 for the advancement of parliamentary procedure.
