2 of 2 people found the following review helpful. Excellent Book. By kartheek The book is really good if you read completely and follow accordingly. It covers the practical aspects of Job Hunting .Getting a First Job has always been an issue for job Seekers, specially for new graduates. There are a bunch of factors that can make or break an interview. Knowing how to Find a Right Company How to handle yourself in different interview scenarios can do wonders. I am

very impressed on the tips and insights on this book. They are quite helpful for Finding a Right Job A Right Company was quite helpful for Job Seekers. Excellent Book ...!!!0 of 0 people found the following review helpful. Extremely well defined and filled with a plethora of useful information!By blue88It's a wonderful and engaging read that can be understood by any audience because of the simplicity of the writing style. Filled with many examples, this book tells of the actions every job seeker must take to successfully land the job that suits their needs, interest and personality. From using job boards to search for job openings to the way a person must carry himself/herself at a job interview, An Expert's Guide to Your Right First Job says it all.

If you want to make it to the top, start your career with the right first job (RFJ). T. Muralidharan, the Chairman of TMI group and one of India's top recruiters and career consultants, reveals this secret after studying the careers of some of the most successful CEOs and leaders. The old saying, "There are many ways to skin a cat", applies perfectly to career success. While each of these successful people took a different route to the top, all of them started with the RFJ. So, what are the characteristics of the RFJ? How will you find this magic RFJ which can propel you to the top? Does the RFJ vary from person to person? If so, why does it vary? How does it vary? And how does one get the RFJ? This book caters not only to students who will be stepping into the corporate world for the first time, but also to those who are stuck in the wrong job. An Expert's Guide to Your Right First Job highlights the importance of knowing your personality, finding the right industry, choosing the right first employer and other such important decisions related to your career. This book is an essential read for anyone who wants to jumpstart their career.

About the Author T. Muralidharan, is a first generation entrepreneur, who established the TMI Group, which is among the top recruiting firms in India. A graduate of IIT Chennai and IIM Ahmedabad, Muralidharan started his company with an initial investment of ₹50,000 in 1987, and now has turnover of over ₹500 million. Over the years, he has helped over a hundred thousand professionals get jobs in the private corporate sector. He writes on issues related to career and employment in leading newspapers and magazines, including The Hindu, The Week and Sakshi. He is also the founder of JobsDialog, India's first exclusive recruitment platform for small and medium enterprises.
