Thomas Bakewell, James J. Darazsdi : Claiming Your Place at the Boardroom Table: The Essential Handbook for Excellence in Governance and Effective Directorship before purchasing it in order to gage whether or not it would be worth my time, and all praised Claiming Your Place at the Boardroom Table: The Essential Handbook for Excellence in Governance and Effective Directorship:

0 of 0 people found the following review helpful. Powerful, Practical, Helpful Book - Easy and Entertaining to Read -

Great Examples, Ideas Stories By Mike Weinberg | Consultant, Speaker, Author My work in C-suite and exposure to corporate boardroom as a sales consultant led me to this book on governance. It is everything advertised in the endorsements and more; easy to read, comprehensive, and highly informative about the real world challenges/opportunities of corporate governance today. Frankly, I was surprised how easily I was able to digest Bakewell's writing considering this is not an area in which I have much experience. I particularly appreciated the first two chapters which set the stage well for the remainder of the book. Chapter One offered great insights on preparing to join a board. And Chapter Two clearly explains HOW to be an effective director - including the basic legal duties of care, loyalty and good faith. Bakewell shared great tips on protecting directors from liability and how to apply the business judgment rule. And honestly, the nine tips on personal liability protection are worth the price of the book alone! The entire book is filled with real examples and helpful, intriguing case studies that bring the topic of governance to life. The stories in Chapter Seven particularly stuck out (recent battles like Dell going private, Herbalife fighting short sellers and Apple saying no to Carl Icahn) as the author tackled the hot topic of activist shareholders. I can see why this book hit 's #1 Best-Seller in Corporate Governance within two days of its release. 'll be buying several more copies to give to clients who will benefit from it! Mike Weinberg, CEO of The New Sales Coach and author of the #1 Best-Seller New Sales. Simplified.0 of 0 people found the following review helpful. A great textbook for university management courses By Customer Daniel Fredericks Bakewell's board member primer is everything a new board needs before walking into a new experience and responsibility. But in several ways, it also reminds the experienced board member what should be the continued focus in benefitting the organization. As a senior vice president and provost of a university, as a middle-management executive and as member of several boards through the years, I have seen the successes and pitfalls which Bakewell anticipates through his thorough introduction to board governance. Such an introduction would have made board members that much more effective and less a distraction to their business at hand. A great textbook for university management courses.0 of 0 people found the following review helpful. Excellent overview, illustrative examples, case studies, meticulous references. By RAKESH R. KAPOOR Written clearly. Addresses both novice directors and individuals with board level experience. Ties key concepts back to changes in external environment that have impacted governance. Thoughtful questions after the case studies prompt reflection. Simple checklists. Thorough reference material organized by chapter.

THE QUICK-ANSWER GUIDE TO YOUR CORPORATE GOVERNANCE QUESTIONS Serving on a corporate board isn't what it used to be. In today's complex business landscape, meaningful corporate governance requires solid skills in problem-solving, relationship-building, crisis management, leadership development, management oversight, and much more.
