John R. Ogilvie : CLEP Principles of Management with Online Practice Exams (CLEP Test Preparation) before purchasing it in order to gauge whether or not it would be worth my time, and all praised CLEP Principles of Management with Online Practice Exams (CLEP Test Preparation):

3 of 3 people found the following review helpful. This book was GREAT and the testing system helped me to prepare well for the exam. I scored a 66 with this book as my main source. By Tekniq This book was GREAT and the testing system helped me to prepare well for the exam. I scored a 66 with this book as my main source. It explains well the

material that will be covered on the test. It is actually my favorite CLEP book and subject. These are important basic concepts you need to know to understand business well. I still didn't know about 20 questions on the test, but the material covered in this book was enough for me to do well enough on the test. 2 of 2 people found the following review helpful. Too much info
By Alexandria904 I did several methods of preparing for my CLEP exam and I passed. This book was pretty good being that it had tons of information in it. However, it also had a lot of unnecessary information that was not even on the exam. I overstudied with this book in particular and I spent way too much time on some of this information that was not necessary. 3 of 3 people found the following review helpful. Was just like the actual test. No surprises
By James P. Urso This was my first clep so I was a bit nervous since CLEP seems to have a wide variety of study material out there. This is the test! Got a score of 63 scaled which was what I was scoring on the practices tests in this book (around 72% mean score). Test ended up easier than the practice as there were some gimmies and not a single stumper thrown in. Would have scored higher if I forced my self to memorize all of those historical concepts/individuals but you just need to pass. Anyways.... You get the idea. Buy this one!

Earn College Credit with REA's Test Prep for CLEP* Principles of Management Everything you need to pass the exam and get the college credit you deserve. Our test prep for CLEP* Principles of Management and the free online tools that come with it, will allow you to create a personalized CLEP* study plan that can be customized to fit you: your schedule, your learning style, and your current level of knowledge.
