It will be worth far more than its cover price if you practice its principles.3 of 3 people found the following review helpful. coach yourself?By Tu A Nguyenthis is a good book overall but i think the title is a bit misleading, i think it should be "how to work with your coach to win". Over half of the book discuss how you work with mentor or guide who would give you feedback on a consistent basis or in another word, your coach. I agree that you will need some kind of coaching to succeed but when begin reading this book, i expected to learn how to win/succeed independently without much help from person-to-person interaction.
