**International Monetary Fund : Economic Policy and Equity (International Monetary Fund Book)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Economic Policy and Equity (International Monetary Fund Book):

This book brings together the views not only of policymakers and academics but also of religious leaders and labor leaders from around the world- including the 1998 Nobel Laureate in Economics, Amartya Sen - who participated in

an IMF conference on this topic. Contributors discuss the causes of growing inequality and the complex question of how to use policy to make economic systems more equitable under five headings: perspectives on economic policy and equity, globalization and equitable growth, country experiences in equity-oriented policymaking, design and implementation of policy, and a roundtable discussion on lessons for countries and the IMF. Edited by Vito Tanzi, director of the Fiscal Affairs Department of the IMF; Ke-young Chu, a senior advisor; and Sanjeev Gupta, a division chief in the department.

About the Author Vito Tanzi is director of the Fiscal Affairs Department of the International Monetary Fund. Ke-young Chu is Senior Advisor to the Fiscal Affairs Department of the IMF. Sanjeev Gupta is a Deputy Director in the Fiscal Affairs Department of the IMF.
