Charles A. Sennewald, Curtis Baillie : Effective Security Management before purchasing it in order to gage whether or not it would be worth my time, and all praised Effective Security Management:

Effective Security Management, Sixth Edition teaches practicing security professionals how to build their careers by mastering the fundamentals of good management. The author, Charles Sennewald, brings common sense, wisdom, and humor to this bestselling introduction to security management that is ideal for both new and experienced security managers. The sixth edition of this classic professional reference work on the topic includes newly updated and expanded coverage of topics such as the integration of security executive into the business, background checks and hiring procedures, involvement in labor disputes, organized crime, and the role of social media. Offers the most current picture of the role and duties of security managers Includes three new chapters on security ethics and conflicts of interest, convergence in security management, and ISO security standards, along with coverage of new security jobs titles and duties Contains updated contributions from leading security experts Colin Braziel, Karim Vellani, and James

BroderCase studies and examples from around the world are included to facilitate further understanding
