Brian Scaddan IEng MIE (elec) : Electrical Installation Work, Fourth Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Electrical Installation Work, Fourth Edition:

0 of 0 people found the following review helpful. Good bookBy shopper123I borrowed the 8th edition dated 2016 from the library and liked it from the beginning.This is the 5th edition dated 2005. It is a smaller book but cover similar topics.0 of 0 people found the following review helpful. Electrical installationBy Felix Hayden Thomas SrQuite applicable to theory and practical uses. The students and their lectures will find a common reference platform. Very adequate. The theory is well supported with practical and solved problems.

Electrical Installation Work provides full coverage for all current Level 2 Electrical Installation courses, suitable for college students and modern apprentices.Electrical Installation Work covers both theory and practice for the trainee who wants to understand not only how, but why electrical installations are designed, installed and tested in particular ways. Brian Scaddan's approach encourages independent learning with self-assessment questions provided

throughout. Electrical Installation Work is well established as a leading text for City Guilds courses 2260 Parts 1 and 2. The fourth edition includes a new section covering additional topics included in the 2351 course. It also provides the underpinning knowledge needed for a level 2 NVQ (CG 2355). The new material includes major sections on safe electrical site working; inspection, testing and certification; diagnosis and repair of electrical faults. The book has also been updated to meet the requirements of the latest issue of the IEE Wiring Regulations (BS7671: 2001). Brian Scaddan is a Chief Examiner, Leading Scheme Assessor and Honorary Member of City and Guilds. He has 22 years' experience in Further Education, and is now Director of Brian Scaddan Associates, Engineering Training Consultants. The market-leading textbook for City Guilds electrical installation courses Updated in the light of the new IEE Wiring Regulations, BS7671: 2001 Written by a City Guilds Chief Examiner

"Explained in terms that students can understand. It is relative to the NVQ and the work that apprentices do." "The book covers all the areas of the course. It offers excellent illustrations with worked examples of specific areas." About the Author Brian Scaddan is a consultant and an Honorary Member of City and Guilds. He has over 35 years' experience in Further Education, and is now Director of Brian Scaddan Associates, Engineering Training Consultants. He is a leading author of books on electrical installation, inspection and testing, including IEE Wiring Regulations: Explained and Illustrated and Electrical Installation Work. Brian also runs PAT training courses for the City Guilds 2377 exam.
