I forgot that people could write in such way; it is written in a way that it seems you are reading fiction, that you are reading an intereseting story when simply the doctor is trying to teach you the meaning of enthusiasm through these personal, beautiful, intellectual and entertaining stories. Great book, and I look forward to more from Dr. Norman Vincent Peale.0 of 0 people found the following review helpful.

Many years ago, I had the good fortune of coming across The Power of Positive Thinking, and I copied some verses Dr. Peale cited from the Bible, made it a point to learn them, and discovered that by putting my self in God's hands, He guided me through personal difficulties I was experiencing at that time. Now I needed to be reminded how important it is to recover and maintain the enthusiasm, which is the drive that motivate us to continue growing spiritually. Thank you, Dr. Peale!!!
