Alan Weiss : Million Dollar Speaking: The Professional's Guide to Building Your Platform (Business Skills and Development) before purchasing it in order to gage whether or not it would be worth my time, and all praised Million Dollar Speaking: The Professional's Guide to Building Your Platform (Business Skills and Development):

2 of 2 people found the following review helpful. worth the purchase but a lot of the book isn't that great
By Jacob C Jorgovan
When I read non fiction, I try to remember that one or two takeaways can make a book worth it. In this book there are some incredible insights in the first several chapters that changed my outlook on speaking. The second half of the book was full of general lists and repeated information. I am glad I bought it and got the insights I did but the whole book wasn't that amazing.
0 of 0 people found the following review helpful. Great Advice From Someone Who Really Knows What They Are Talking About
By Paul Endress
Alan is contrarian (as he will advise you to be), but he has the success and bank account to back up what he teaches. As with any book, read it and take what you think makes sense for you. If you get just one idea from this great book, it's worth 100x your investment. Enjoy!
0 of 0 people found the following review helpful. The Voice of Success Speaks
By Ariel I. (Beth)
This book has given me what I wanted--a guide from someone who has been extremely successful. Lots of people write books--but I try to only buy those written by people who have a lot of experience at what they are writing about. A lot of successful experience. I do not rate my how-to self-help books by their writing style or voice or grammar or anything except whether their advice is solid, meaningful, and gives me more than I had when I started reading. I get engrossed in the meat of what he's saying and wouldn't see most flaws even if they were there. "Million Dollar Speaking" happens to have good writing, a believable, knowing voice. A good addition to the study of someone working to become better at their speaking and presentation. (Ariel I.)

Make your move into, or improve your position in, the powerful world of professional speaking If you think you have what it takes to speak professionally, or you've already been doing so with insufficient reward, now is the time to make your move.
