**From Palgrave Macmillan : Money, Banking and Financial Markets in Central and Eastern Europe: 20 Years of Transition (Palgrave Macmillan Studies in Banking and Financial Institutions)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Money, Banking and Financial Markets in Central and

This book provides a deep insight into the market changes and policy challenges that transition economies have undergone in the last twenty years. It not only comments on and evaluates the development of financial markets in transition economies, but also highlights the key obstacles to full integration of financial markets into the EU market.
