Charles J. Givens : More Wealth Without Risk before purchasing it in order to gage whether or not it would be worth my time, and all praised More Wealth Without Risk:

6 of 6 people found the following review helpful. Money Movement StrategyBy TradegirlSince reading this book, my husband and I have used many of Givens' ideas to make, save, or protect our wealth -- without risk. We have been investing for years but the Money Movement Strategy is a great system for people like us that don't want to watch every single market/stock move. Even though this book ends with 1994 statistics, I researched how the prime rate has risen and fallen since this book was published and how this strategy would have worked until today. When interest

rates hit 9% in 3/00, the strategy would have had you move your money to money markets. You would have gotten out and missed most of the decline that has followed! Furthermore, my husband and I have saved thousands already this year by increasing deductibles on our health and car insurance since we are healthy and have newer cars. My husband increased his exemptions on his W-4 (wasn't claiming any) giving him extra 20% biweekly in his paycheck. We are putting that directly into savings or an IRA. This is the best financial book ever! I have given copies to my friends because there is something in it for everyone, no matter what income level, age, or whether you work for yourself or an employer. Get this book -- it will pay for itself many times over. 0 of 0 people found the following review helpful. I love the secrets being told in this book that other ...By Customer This book is very helpful and knowledgeable on teaching you how to manage and save money. I love the secrets being told in this book that other companies don't want you to know about. I finished reading the entire book last week and already reading it again. I recommend this book to anyone that is serious about building their wealth. 2 of 2 people found the following review helpful. It's excellent. The book itself is so old. By P.S. I bought this for myself and my mom just kind of took it, so I will definitely be getting another. It's excellent. The book itself is so old, but just about everything still applies to today. It gives excellent advice on different ways to save and invest.

Charles J. Givens' *Wealth Without Risk* has become a classic in the field of financial self-help books for one simple reason: it works. His safe, legal, and proven approach has already started millions of Americans on the road to accumulating wealth through better strategies for personal finance, tax reduction, and investment. *More Wealth Without Risk* keeps you at the cutting edge of practical, easy-to-use financial techniques. Givens delivers more than 350 low-risk financial strategies -- with special sections on protecting your credit and keeping the IRS's hands out of your wallet -- including how and why to: * Get your next raise totally tax-free* Make your vacations and trips tax-deductible* Get your retirement-plan money tax- and penalty-free before age 59 1/2* Use high-powered, little-known strategies for getting out of debt and rebuilding credit* Get next year's tax refund this year And much, much more!
