Christine Benz, Peter Di Teresa, Russel Kinnel : Morningstar Guide to Mutual Funds: 5-Star Strategies for Success before purchasing it in order to gage whether or not it would be worth my time, and all praised Morningstar Guide to Mutual Funds: 5-Star Strategies for Success:

1 of 1 people found the following review helpful. Excellent bookBy Asim AliSome of the information is dated but the core is still valid. I learned a lot from this book and would recommend to anyone interested in investments.3 of 3 people found the following review helpful. Great Book for the New Portfolio Manager!!!By MrMateoJAThis book has been an incredible resource. I am managing my own taxable account for the first time. It helped me quite a bit to take

notes and do my quantitative analysis in Excel as I read the book to really soak in all the material. If this is your first time managing your own portfolio of mutual funds, I highly recommend! If it isn't your first time, I'm sure this book still has a lot of good advice you may have forgotten or never learned...1 of 1 people found the following review helpful. Very helpful information

By Jerry
This book explains the Morningstar approach to investing and makes a lot of sense. It is for the investor who has some experience, but is willing to consider a very interesting approach to the fundamentals of selecting mutual funds.

Praise for Morningstar Guide to Mutual Funds "Picking actively managed mutual funds is no mean challenge. And as the recent era underscores, past performance is of little help. The Morningstar Guide to Mutual Funds helps cut through the fog with a solid volume of constructive advice. The central message-'truly diversify, keep it simple, focus on costs, and stick with it'-is not only timeless, it is priceless." -John C. Bogle, founder and former CEO, The Vanguard Group "There's nothing Morningstar doesn't know about mutual funds. And at last, for ready reference, there's a book. You'll find everything here you need to know about managing fund investments, inside or outside a 401(k)." -Jane Bryant Quinn, Newsweek columnist and author of Making the Most of Your Money "All serious mutual fund investors know that Morningstar is the source of impeccable data and sound investment advice. This book is the culmination of nearly two decades of research, analysis, and good old commonsense wisdom." -Tyler Mathisen, financial journalist, CNBC "Momentum investing, the hype in NASDAQ, the dot-com mania are mostly behind us. Now, we must navigate through the market debris. We need a compass as we look to allocate our financial resources in a way best suited to maintain purchasing power and fully fund retirement. The Morningstar Guide will help investors find true north and steer a course to reach their long-term financial goals." -Mario J. Gabelli, Chief Investment Officer Gabelli Asset Management, a publicly traded company "A generation of investors who took the stock market for granted now know how important it is to understand-and control-their own investments. The Morningstar Guide should be their most important resource." -Terry Savage, Chicago Sun-Times financial columnist and author of The Savage Truth on Money
