**Jonathan Reuvid : Morocco: Emerging Economy of the Mediterranean** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Morocco: Emerging Economy of the Mediterranean:

The Moroccan economy is defying the current global economic downturn, as one of the few countries experiencing economic growth. This has led to unique investment potential and a model from which businesses can learn and develop. Morocco: Emerging Economy of the Mediterranean is the first international investment guide on Morocco to be published in the English language and provides everything you need to know to benefit from one of the world's most exciting economies. Includes a Foreword from Her Highness Lalla Jouvla Alaoui, Ambassador of His Majesty the King of Morocco to the United Kingdom.

About the Author An Oxford MA, Jonathan was formerly an economist with the French national oil company, CFP, and later Director of European Operations for a US Fortune 500 manufacturing multinational. He is the author/editor of more than 35 business books.
