Emily Toth : Ms. Mentor's New and Ever More Impeccable Advice for Women and Men in Academia before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ms. Mentor's New and Ever More Impeccable Advice for Women and Men in Academia:

6 of 8 people found the following review helpful. Good general read for beginning academics By L. B. MASONI enjoyed this book, as a new faculty member who is often faced with office issues, I was pleased to see the frank advice of Ms. Toth in a book format as I usually gobble up her Chronicle articles. 2 of 4 people found the following review

helpful. She's been there and done it all :-)

By graphicsfanMs. Mentor has been sharing practical, realistic advice about navigating the perilous waters of academe since the 1980s and doing so with humor and style. A must-read for aspiring scholars, professors bucking for tenure or promotion as well as those counting the number of lectures left until retirement.

2 of 4 people found the following review helpful. Highly recommended!

By NanaThis is the most hilarious yet super informative guidebook for academics! Since I am in academics, I can relate so much to so many episodes in here. Originally, this book was highly recommended by one of my colleagues, and now I can recommend it to any newbie in academics.

Ms. Mentor, that uniquely brilliant and irascible intellectual, is your all-knowing guide through the jungle that is academia today. In the last decade Ms. Mentor's mailbox has been filled to overflowing with thousands of plaintive epistles, rants, and gossipy screeds. A mere fraction has appeared in her celebrated monthly online and print QA columns for the Chronicle of Higher Education; her readers' colorful and rebellious ripostes have gone unpublished until now.

Hearing the call for a follow-up to the wildly successful Ms. Mentor's Impeccable Advice for Women in Academia, Ms. Mentor now broadens her counsel to include academics of the male variety. Ms. Mentor knows all about foraging for jobs, about graduate school stars and serfs, and about mentors and underminers, backbiters and whiners. She answers burning questions: Am I too old, too working class, too perfect, too blonde? When should I reproduce? When do I speak up, laugh, and spill the secrets I've gathered? Do I really have to erase my own blackboard? Does academic sex have to be reptilian?

From the ivory tower that affords her an unparalleled view of the academic landscape, Ms. Mentor dispenses her perfect wisdom to the huddled masses of professorial newbies, hardbitten oldies, and anxious midcareerists. She gives etiquette lessons to academic couples and the tough-talking low-down on adjunct positions. She tells you what to wear, how to make yourself popular, and how to decode academic language.

She introduces you to characters you must know: Professor Pelvic, Dr. Iron Fist, Mr. Upstart Whelp, Dean Titan, Professor McShameless.

In this volume Ms. Mentor once again shares her wide-ranging unexpurgated wisdom, giving tips on bizarre writing rituals, tenure diaries, and time management (Exploding Head Syndrome). She decodes department meetings and teaches you the tricks for getting stellar teaching evaluations.

Raw, shocking, precise, clever, absurd; Ms. Mentor has it all.
