Andrew Tobias : My Vast Fortune: The Money Adventures of a Quixotic Capitalist before purchasing it in order to gage whether or not it would be worth my time, and all praised My Vast Fortune: The Money Adventures of a Quixotic Capitalist:

0 of 0 people found the following review helpful. disappointedBy WibbyI usually enjoy books by Andrew Tobias. This one contained an interminable harrangue about auto insurance and Ralph Nader. Really too long. And too involved. I have had my share of dealings with insurance companies and with trial lawyers.Tobias is usually succinct; not this time.0 of 0 people found the following review helpful. good way to review your own financesBy gabi kaowe often forget (or do not want to) deal with a lot of what we have to, especially finances. This book makes you think

More Gold From Andrew Tobias By TopCat19I realize that this book is several years old (the hardback came out in 1997), but the ideas and stories are just as relevant today as they were back then. I found my copy a couple of days ago when I found a box of books that had been packed away for about ten years, picked it up and read it through again and enjoyed it just as much the second time around. You will have to make allowances for dollar amount and current event references, but that (for me anyway) did not detract at all from the book. A word of warning, this is not a rehash or continuation of his most famous book, "The Only Investment Guide You Will Ever Need", it's pretty much what the title suggests, a recap of his various investments and other related and not-so-related topics, liberally sprinkled with wry and humorous observations. This is a fun book to read, and it's one of the few books of its type that can bring a smile to your face, and maybe even a laugh-out-loud moment or two. And underneath it all, in a low-key sort of way, this book makes you think. And that's a good thing. This might be an olde, but it's definitely a goody.

"This book will make you rich. Filthy stinking rich. You will never need to work again. You will spend the rest of your life on the Riviera sipping pinte; a coladas and listening to Sinatra. And even if this doesn't happen, Andrew Tobias will provide you with such a wealth of wit that you will retire with a vast fortune of laughter." --Christopher Buckley, author of Wry Martinis As Newsweek put it, "Andrew Tobias remains the funniest of the financial writers." Forbes identified him as "one of the financial community's most pithily perceptive observers." In My Vast Fortune, the bestselling author of The Only Investment Guide You'll Ever Need tells the amusing and illuminating story of how he amassed dizzying (well, to him) wealth. Then, he describes the unusual ways he's put it to work. Among his more famous money adventures are: His personal campaign against smoking in Russia, which began when he spotted an opportunity to buy cheap TV airtime for commercials. "Excuse my pronunciation," he told ninety million Russians night after night, "but I have something important to tell you." His decision to buy real estate in Miami over the phone, without ever seeing it. For the price of a swank two-bedroom apartment in New York, Tobias realized he could buy most of a neighborhood--so he did. Oops. The tragicomic story of liberal as slumlord. His crusade to fix the auto insurance mess, which pitted him against--of all people--his one-time hero Ralph Nader. After spending \$250,000 of his vast fortune on a referendum in California (where he has never lived), Tobias came to two conclusions: 1) "Each of us has a calling and--though appallingly boring--auto insurance seemed more and more to be mine"; and 2) "Ralph Nader is a big fat idiot." Finally, Tobias addresses your vast fortune and offers his wisest tips on how to make it and how to spend it. Witty and compassionate, Andrew Tobias is a plutocrat for the nineties, a capitalist with a heart. If you enjoyed The Only Investment Guide You'll Ever Need, you'll love My Vast Fortune. From the Hardcover edition.
