From Skyhorse Publishing : My Warren Buffett Bible: A Short and Simple Guide to Rational Investing: 284 Quotes from the World's Most Successful Investor before purchasing it in order to gage whether or not it would be worth my time, and all praised My Warren Buffett Bible: A Short and Simple Guide to Rational Investing: 284 Quotes from the World's Most Successful Investor:

6 of 6 people found the following review helpful. Key Buffet One [plus] LinersBy John E. LincolnNice little book of

the collection of key quotes from Warren Buffet. Lot of white space on the pages. But was what I expected. Most quotes are one to a few sentences in length. One of the longer ones is kind of a summary of Buffet's principles of investing (not gambling), on page 57. It was about a half page long, and the last sentence says it all: "How much more fruitful is it for us to think about whether the product is likely to sustain itself and its economies than to try to be questioning whether to jump in or out of the stock?" 6 of 6 people found the following review helpful. Buffett's constant vision. By bird/sail Buffett's advice to the common investor is right on. Their aren't very many common wage earners who have the savvy to invest in common stock, or the time and recources. Index funds will keep you up with 95 percent of everyone in the market. That would be way ahead of the talking heads on television! Keep preaching Warren. 6 of 6 people found the following review helpful. Simple is best! By Jennifer Miles A thoughtful compilation of utterances and quotations from the great master. It can be seen above all that the great is mostly in the simple, and that true intelligence is simply expressed. As Albert Einstein once said "If you can't explain it simply, you don't understand it well enough."

With the knowledge and blessing of Warren Buffett himself, Robert Bloch has assembled a gold mine of Buffett's most unforgettable quotes. Bloch, the son of Henry Bloch who co-founded HR Block, has been an avid investor his whole life.

"A shining, brilliant star of advice and insights from a genuinely great man, Warren E. Buffett. You cannot afford not to buy this book." -Ben Stein, New York Times bestselling author and economist "While most readers will receive great business insight from this book, they will also receive many life principles for our daily living." -Matthew K. Rose, executive chairman of BNSF Railway "A must-read for Americans of all ages and professions . . . brings Warren Buffett's commonsense wisdom together in one book. I could not put it down!" -John G. Stumpf, chairman and CEO of Wells Fargo Company "This collection will give you a sense of the incredible judgment, disarming sense of humor, and commonsense perspectives behind one of the world's greatest investors." -Kenneth I. Chenault, chairman and CEO of American Express Company
