Nancy E. Glube, Phyllis G. Hartman : Never Get Lost Again: Navigating Your HR Career before purchasing it in order to gage whether or not it would be worth my time, and all praised Never Get Lost Again: Navigating Your HR Career:

0 of 0 people found the following review helpful. Great for early-career HR folksBy J. HartungIf you are just starting your HR Career, or considering changing careers into HR, this is a great book to read. It provides a relatively simple overview of the many facets of HR and has basic tips that are useful at the beginning of one's HR career. I also believe it would be useful for someone who has been pigeon-holed into a certain arm of HR such as recruiting or

compensation, if they are looking to explore avenues outside of those specializations. 1 of 1 people found the following review helpful. Smart guide to taking charge of your HR career By NancyNI teach HR career development courses, and my students have consistently loved this book. It's chock full of HR self-assessment and guides. It's a valuable resource for those looking to develop their HR career as well as those looking for an entry point into the profession. The authors are up-front about the challenges HR professionals face and how to make the most of the opportunities ahead. I recommend this book to anyone looking to success in this dynamic profession.
