One Question - A Must Read for Leaders at All Stages!!By Pat D.I thought that this was a very worthwhile read. Mr. Coleman did a great job blending his personal insights and experiences with those of top industry, cultural and political leaders. The book was enjoyable and easy to read and I think that leaders at all stages

will find a lot of insightful and inspiring ideas in this book - many that they can begin to apply right away - I know that I did. I'd call this a must read for all that are looking to explore how to improve and develop - both at home and in the workplace. Three thumbs up!!! 2 of 2 people found the following review helpful. Everyone should read this, very thought provoking. It's a good read and a quick read. it will do you good to have this in your life.

The motivating host of one of the nation's largest leadership conferences offers a collection of inspirational and applicable life lessons through conversations with various high profile people. Albert Einstein once said, "To raise new questions, new possibilities, to regard old problems from a new angle, requires creative imagination and marks real advance in science." What is true of science, I'm convinced, is true in all of life. Great questions are often the keys that unlock possibilities for human advancement. That truth has been proven again and again throughout human history, as great interviewers from Bob Costas to Barbara Walters have captivated audiences and ignited imaginations. In a world where the messages of public figures and politicians are carefully crafted by publicists and media consultants, we often receive only partial pictures and manipulated facts. The right questions uncover truths we might not otherwise know. They pull back the curtain on the wizard and give us a more accurate view of reality.

— Excerpt from the Introduction If you could sit down with the people you most admire and ask just one question, what would you ask? One Question invites you to peer over the shoulder of a master interviewer with access to today's best and brightest as he delivers carefully crafted questions and collects answers guaranteed to surprise, challenge, and inspire.
