You can find a better one.15 of 18 people found the following review helpful. Fantastico!By AliciaI used this book for a paper on foreign language careers and it provided me with absolutely everything I needed to know. The explanations about what you need to be in that field of study and what kind of things you have to put up with were helpful. I would recommend this book for people who want to learn all the pro's and con's about a career in

foreign language. It is a straight forward and factual resource.

The most comprehensive career book series available, Opportunities in . . . explores a vast range of professions. Each book offers:

- The latest information on a field of interest
- Training and education requirements for each career
- Salary statistics for different positions within each field
