**Shepard Henkin : Opportunities in Hotel and Motel Management Careers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Opportunities in Hotel and Motel Management Careers:

0 of 0 people found the following review helpful. Great book, useful sources.By Lucas WangI got this book in my university library for writing a research paper. I have read several paragraphs and I found that a lot of the information in this book is very useful and easy to understand. The hotel business career was fully explained by the author; also he gives a lot of descriptions of works and personal experiences as a professional hotel manager. The knowledge and ideas always followed what I learned from my Hospitality Business classes. So, it is really helpful for people who really want to know the inside functioning of hotel management, and also this book provides a lot of helpful knowledge for students who are majoring in Hospitality Business.

Opportunities in Hotel and Motel Management Careers offers job seekers essential information about a variety of careers within the hotel and motel management field and includes training and education requirements, salary statistics, and professional and Internet resources.
