Zona R. Weeks : Opportunities in Occupational Therapy Careers (Opportunities in ...) before purchasing it in order to gage whether or not it would be worth my time, and all praised Opportunities in Occupational Therapy Careers (Opportunities in ...):

2 of 2 people found the following review helpful. so so
By Nica O Give this book 2 stars because it has good general info; its ok for the most part; accurate info for someone who doesn't know a thing about Occupational Therapy. I gave this book a chance figuring it would have additional information regarding this profession, but for the most part you don't need to buy this - you can always find everything on the internet. Still if you don't want to do the research, purchasing this is a good decision and for \$10, its pretty cheap.
