Kindle App proved a label is misleadingBy KatieEven though this is a Kindle app approved product you cannot use it on a laptop or desktop even with the Kindle app (for example I have windows 10). Only compatible on a phone or tablet version of the Kindle app.1 of 2 people found the following review helpful. Five StarsBy YFBetter than specs!!2 of 4 people found the following review helpful. Five StarsBy Anthony MunsonAwesome textbook, very informative and well written. Cant wait to start working in the industry.

The eighth edition continues to acknowledge and emphasize the essential uniqueness of service management. The text is organized in four parts: Part One: Understanding Services which provides a historical context as well as

distinguishes the distinctive characteristics of service operations; Part Two: Designing the Service Enterprise which covers designing the service enterprise to support the competitive strategy; Part Three: Managing Service Operations that details topics such as Managing Capacity Demand and Waiting Lines and Service Supply Relationships and; Part Four: Quantitative Models for Service Management that addresses forecasting and managing service inventory.
