book. I was required to get this book for a course in college, but it was quite a pleasurable experience reading this on my own time and learning a thing or two! It will definitely give you a good idea of six Sigma basics. 0 of 0 people found the following review helpful. Five Stars. By SB. Excellent product for studying for six sigma certification. 0 of 0 people found the following review helpful. It's a good book, at least for the college level. By Kevin B. Had to buy this book to read for a class. It's a good book, at least for the college level.
