From Routledge : Southeast Asian Paper Tigers before purchasing it in order to gauge whether or not it would be worth my time, and all praised Southeast Asian Paper Tigers:

This important collection is a timely contribution to the debate on the Asian financial crisis. With chapters written by well-established international experts in Asian economics, this book constitutes a finely judged example of the varying opinions on the matter.

'a well-written and timely book that deserves to be read by all those with a professional interest in Southeast Asia or those who want to learn more about this region.' - The Journal of Asian Studies
About the Author: Jomo K. S. is at the University of Malaya, Malaysia
