Standard Poor's : Standard Poor's 500 Guide 2009 PB before purchasing it in order to gage whether or not it would be worth my time, and all praised Standard Poor's 500 Guide 2009 PB:

0 of 0 people found the following review helpful. Five StarsBy Dennis T PymmI loved it1 of 1 people found the following review helpful. Standard Poors 500 Guide- 2009 EditionBy Linda M. ProutThis is a great product and I always use it for research on stock I am thinking about to present to our stock club for consideration. A great tool to have on hand.7 of 9 people found the following review helpful. excellent referenceBy Tony PerkinAn excellent reference for any investor, lists all of the s p 500 with all necessary data for research. Truly a must have for the investor who wants to make money.

The latest information on the bluest of the blue chip stocks, from Abbott Labs and General Electric to Microsoft and Yahoo Earnings and dividends data, with three-year price charts Exclusive Standard Poorsquo;s Quality Rankings

(from A+ to D) Detailed data on each stock that makes up the SP 500 Index

From the Back Cover From the source trusted by more than 1,000,000 investors! Essential information on the companies of the world's most famous financial index! With an average market capitalization exceeding \$20 billion, the companies listed in the Standard Poor's 500 index are the most watched in America. The SP 500--including Microsoft, IBM, Ford, McDonald's, ATT, Boeing, Exxon, and General Electric--are the bluest of blue-chip stocks, stocks that grow and generate increasing dividends year after year. Whether you're an investor seeking to make a smart stock purchase, an executive researching corporate competitors, or a job seeker looking for succinct overviews of potential employers, you'll find critical, often hard-to-find information in Standard Poor's 500 Guide, 2000 Edition. Easy-to-use and packed with market intelligence on all 500 of the companies listed in the Standard Poor's 500 index, this handy reference includes: buy, sell, or hold recommendations for every stock; a summary of each company's business activity, recent developments, and sales history; company addresses, telephone numbers, and names of key corporate officers; earnings, dividends, and 3-year price charts; key income and balance sheet statistics; exclusive Standard Poor's rankings (from A+ to D). In addition a unique at-a-glance charts highlight: stocks with A+ earnings and dividend rankings; companies with five consecutive years of earnings increases; rapid growth stocks; companies with fast-rising dividends; companies with higher dividends in each of the past 10 years. With the authoritative analyses and comprehensive data included in this convenient guide, you'll have the expertise of the nation's premier securities information right at your fingertips. About the Author Standard Poor's, a division of The McGraw-Hill Companies, Inc., is the nation's leading securities information company. It provides the respected Standard Poor's ratings and stock rankings, advisory services, data guides, and the most closely watched and widely reported gauges of stock market activity--the SP 500, SP MidCap 400, SP SmallCap 600, and SP Super Composite 1500 stock price indices. Divisions of Standard Poor's operate independently of each other. Standard Poor's, SP, SP 500, are registered trademarks of the McGraw-Hill Companies, Inc.
