Jeremy J. Siegel : Stocks for the Long Run before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stocks for the Long Run:

10 of 11 people found the following review helpful. This Product is Not The Book By Siegel By Jamie Nettles This is a study guide for the book. needs to fix this page. 7 of 9 people found the following review helpful. Not the book By hp This is some kind of study guide, mistakenly listed as a paperback edition of the Siegel book. 5 of 11 people found the following review helpful. Misslead. By Sonia Carrion I am dissapointed. I bought this for my dad for christmas, only to get it and realize that you NEED TO BUY the actual book for this to even be of any assistance to you. It said nowhere on the page that this was necessary.

Jeremy Siegel's best-selling book has proven that stocks are the best investment over the long term. Now, this classic guide has been revised to include today's most successful investment strategies. With its phenomenal analysis of

financial market returns since 1802, no other book offers such an in-depth historical and yet timely perspective on what drives the market.
