Erica Olsen : Strategic Planning Kit For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Strategic Planning Kit For Dummies:

1 of 1 people found the following review helpful. Good information: I bought the kindle version of this ...By TeredgeGood information: I bought the kindle version of this book. I really should have bought the book which comes with a CD that would be helpful.0 of 0 people found the following review helpful. Kindle Version with supplementary book contentBy D. MedinaExcellent source for a strategic Planning process. I bought the Kindle version and its practical approach is very useful. The supplementary content (originally on CD in the hardcopy version) is AVAILABLE at Wiley's website following the instructions provided.1 of 1 people found the following review helpful. Great strat planning resource.By siddhanathanI studied Strat planning at tertiary level about 25 years ago. Wish this book was around in those days.Some of the best explanations of planning concepts I've encountered thus far. This and the online resources will be helpful in my work.

Think and act strategically every timeIn today's business environment, strategic planning stresses the importance of

making decisions that will ensure an organization's ability to successfully respond to changes in the environment and plan for sustainable viability. Providing practical, field-tested techniques and a complete 6-phase plan, Strategic Planning Kit For Dummies shows you how to make strategy a habit for all organizations, no matter the size, type, or resource constraints. Strategic Planning Kit For Dummies is for companies of all types and sizes looking to build and sustain a competitive edge, set up an ongoing process for market assessment and trend analysis, and develop a vision for future growth. This revised edition includes: new and updated content on planning for both the short and the long-term; crucial information on succession planning; help preparing for the unexpected using scenario planning and agile strategy; strategies for implementing change and integrating strategic plans successfully by involving all staff members; and more. The supplementary CD lays out a comprehensive, 6-phase, step-by-step program, complete with downloadable spreadsheets, charts, checklists, video links, and more. Provides value for any business or entrepreneur looking to improve efficiency, focus, and competitive edge. Includes practical, field-tested techniques. Strategic Planning Kit For Dummies gives today's business owners and upper-level management the tools and information they need to think and act strategically in order to more effectively weather current economic storms while planning for future growth.
