Everything you need to know about reaching your highest potential at work. This book is based on the author's five years' work as a coach with personal and leading corporate clients and examines career, finances, health, relationships and total well-being. Specifically targeted at those wanting to reach their highest career potential, it's a 'business' book

rather than a self-help book. The chapter titles sum up the content: Make a cunning plan; Manage yourself like a pro; Beat those barriers; Be a star; Take care of number one; and Strive for excellence. This book is well organised and full of excellent information to help you achieve your goals.
