Trevor L Young : Successful Project Management (Creating Success) before purchasing it in order to gage whether or not it would be worth my time, and all praised Successful Project Management (Creating Success):

Successful Project Management is an essential guide for anyone who wants to improve the success rates of their projects. It will help managers to maintain a balance between the demands of the customer, the project, the team and

the organization. Covering the more technical aspects of a project from start to completion, **Successful Project Management** contains tried-and-tested techniques covering project conception and start-up, how to manage stake holders, effective risk management, project planning, launch and execution. Also including a brand new glossary of key terms, it provides help with evaluating your project as well as practical checklists, templates and a key stage work plan to ensure success for any ambitious project manager. The creating success series of books... With over one million copies sold, the hugely popular **Creating Success** series covers a wide variety of topics and is written by an expert team of internationally best-selling authors and business experts. This indispensable business skills collection is packed with new features, practical content and inspiring guidance for readers across all stages of their careers.
