**BusinessNews Publishing : Summary: Beating the Business Cycle: Review and Analysis of Achuthan and Banerji's Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Summary: Beating the Business Cycle: Review and Analysis of Achuthan and Banerji's Book:

0 of 0 people found the following review helpful. Three Stars By K. Bielak Not as helpful as I anticipated

The must-read summary of Lakshman Achuthan and Anirvan Banerji's book: "Beating the Business Cycle: How to Predict from Turning Points in the Economy". This complete summary of the ideas from Makshman Acuthan and

Anirvan Banerji's book "Beating the Business Cycle" shows that many people now assume the business cycle has been mastered, and there is no need to worry about economic recessions or recoveries any more. This point-of-view, however, might be overly optimistic. The economy will continue to rise and fall in the future, and those who accurately forecast these future turning points will have the greatest opportunity to position themselves advantageously. This summary gives concrete advice on how to use the ebbs and flows of the general business cycle advantageously. It will help you break from the pattern of basing economic decisions on the recent past, and will show you how to use a decision-making framework that can see through the delusions of the crowd, and anticipate the next turn in the economy.

Added-value of this summary:

- Save time
- Understand the key concepts
- Increase your business knowledge

To learn more, read "Beating the Business Cycle" and make accurate decisions.
