Robert Irwin : Tips and Traps When Buying a Home (Tips Traps) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tips and Traps When Buying a Home (Tips Traps):

0 of 0 people found the following review helpful. Book LearningBy Robert DuganMy wife and I are considering buying a home while the economy is downturned and interest prices are low. As Such we want to avoid the scams and traps that other people got involved with. So on the recommendation of others I bought this book and I am glad I did. I bought the kindle edition, and as it is divided in a text book format the kindle edition has some layout issues, but I don't take that away from the rating because the content is very thorough. The book goes step by step through various

home buying scenarios including short sales, foreclosures, and new construction. It outlines many of the unexpected cost of buying a house and gives the first time home buyer a much more realistic expectation of financing and fees than may have been the case without the book. Good read for the responsible first time home buyer. 0 of 0 people found the following review helpful. Not a waste of time... helpful information By Customer Good information. It was very helpful in the process of buying a house. I will incorporate these points when buying my first home 0 of 0 people found the following review helpful. Excellent Book ! By BFair I borrowed this book at the Library at first, but there's so many Tips to remember and it's such an Excellent book to have, I can't resist not to have it. And so I bought it, I'm glad I did. Lots of information and resource. Seller's lived up to it's promised, the book was delivered as promised, nicely packed, New and Spotless. Excellent, excellent work.

The classic guide to getting the best deal when buying a home--from America's #1 real estate expert Featuring fully revised facts and figures that reflect the most recent changes in the real estate market, *Tips Traps When Buying a Home, Fourth Edition* is helpful whether you're a first-time or experienced home buyer. It gives you practical, step-by-step information on a broad range of proven home buying strategies, along with indispensable advice and guidance on buying in an "up" market, flipping, buying with options, bidding wars, and other important facets of real estate deals.

"Here's a book that's so packed with sound, practical advice for home owners, I kept saying to myself "I wish I had written that!" -- Bruss, Robert J., Detroit Free Press, 2/23/97 From the Back Cover The ultimate guide to worry-free home buying
