the interview skills I needed to ultimately land 8 job offers in just 2.5 months. It's a super straightforward, easy read and will get you up to speed with the interview process extremely quickly. There was so much in here that I was completely ignorant to as a college senior that I believe gave me the edge when I was applying to jobs last fall. I majored in Chemical Engineering, but I think this book is definitely useful for a wide audience. All in all this book is amazing and I highly recommend it. There was no fluff. It's all really good stuff. 0 of 0 people found the following review helpful. Five Stars By Customer Thanks 0 of 2 people found the following review helpful. Outstanding By Jean T.
