Chris Crass, Chris Dixon : Towards Collective Liberation: Anti-Racist Organizing, Feminist Praxis, and Movement Building Strategy before purchasing it in order to gage whether or not it would be worth my time, and all praised Towards Collective Liberation: Anti-Racist Organizing, Feminist Praxis, and Movement Building Strategy:

0 of 0 people found the following review helpful. Excellent book, highly recommendedBy Lisa C.Excellent book, well written, full of examples for organizing and movement building, get it now1 of 1 people found the following review

helpful. Five StarsBy Rachel HaleLove this book! A conversation much needed!3 of 6 people found the following review helpful. InspiringBy LibbeygTowards Collective Liberation is an amazing offering to social justice activists. With characteristic clarity and humility, Chris Crass provides lessons learned and practical tips for making a commitment to an anti-racist and feminist practice. I wish that this book had been available when I was younger and deep in coming to understand my white privilege and with White Supremacy in the United States. This book is at once inspiring, humble and a call to action.

Organized into four sections, this collection of essays is geared toward activists engaging with the dynamic questions of how to create and support effective movements for visionary systemic change. These essays and interviews present powerful lessons for transformative organizing. It offers a firsthand look at the challenges and the opportunities of antiracist work in white communities, feminist work with men, and bringing women of color feminism into the heart of social movements. Drawing on two decades of personal activist experience and case studies within these areas, Crass's essays insightfully explore ways of transforming divisions of race, class, and gender into catalysts for powerful vision, strategy, and building movements in the United States today. This collection will inspire and empower anyone who is interested in implementing change through organizing.

This collection of Crass' essays and interviews with other highly skilled organizers provides deep insights, showing how anti-racist, feminist practice helps our movements win by transforming the systems that divide us and undermine our collective success." mdash;Jason Hurd, TruthOut "Towards Collective Liberation is a wonderful, generous book, richly deserving of study and discussion and committed action." mdash;Milan Rai,nbsp;Peace News
