Is Real Estate Viable Again?By Daniel HallIf you have any interest in real estate, you have to read Turning Myths into Money: An Insider's Guide to Winning the Real Estate Game.I've read many real estate books and this is the best at covering the broadest spectrum. The best part about the book is that

it is up-to-date and not outdated like the other real estate books. At the pace that real estate purchasing and selling is changing in today's world, it is increasingly more important for buyers and sellers to have a comprehensive understanding of the process. In *Turning Myths into Money*, Richard Steinhoff provides a wonderful resource for understanding this process. There is enough detail to guide you through the maze of the real estate business. It is clearly written, easy to read and understand. This book is crammed with a wealth of information and outlines in simple, easy to understand terms how to successfully maneuver in today's market. The sections on Short Sales and Foreclosures provide valuable up-to-date information for handling problematic situations. If you have any interest in real estate, you have to read *Turning Myths into Money: An Insider's Guide to Winning the Real Estate Game*. I've read many real estate books and this is the best at covering the broadest spectrum. The best part about the book is that it is up-to-date and not outdated like the other real estate books. The sections on Short Sales and Foreclosures provide valuable up-to-date information for handling problematic situations. Richard knows the business inside and out. Listen to him and you will be better prepared to deal with this market.

Daniel Hall, Author of 0 people found the following review helpful. *Turning Myths into Money* By D. Silverman "Turning Myths Into Money" IS A MUST READ! Richard Steinhoff has taken a subject matter that can be confusing and complicated and organized his book in such a way that it is easy for the reader to understand. All the sections are filled with MYTH Statements followed by FACT or FICTION Explanations. Every topic within the Real Estate business is addressed and the TABLE OF CONTENTS is cleverly detailed enough so the reader can find any subject quickly and easily. I found myself searching for a subject "just out of curiosity" and realizing an hour later that I had read several sections. This book is a page turner and could not have been published at a better time! Reading this book is well worth your time and will help you whether you are a distressed home owner or an investor.

By exploring what we "know" or "think we know" about the process, Rich explains the truths and busts the myths in simple, easy-to-understand language. One of the keys to the book's success is its organization. You can read it cover-to-cover, but also use it as a quick reference, easily finding subject matter you need at the moment, either in the extensive glossary of terms or explored in one of the myths. Before you buy or sell real estate, you need to read this book.

Turning Myths into Money: An Insider's Guide to Winning the Real Estate Game is a "one source" text filled with comprehensive information, answers, and tips to guide homeowners, homebuyers, and investors through these turbulent times. It provides real solutions to real problems from an "in the trenches" insider's viewpoint. It will also reveal secrets to protect and build wealth.

For Consumers: "Anyone approaching the home buying or selling process for the first--or for the fifth time--should have Richard Steinhoff's new book, 'Turning Myths into Money: An Insider's Guide to Winning the Real Estate Game,' in hand. This book is the best one-stop-shop for clearly understanding the real estate market today." For Realtors: "No real estate myth goes uncovered in Richard Steinhoff's new book, 'Turning Myths into Money: An Insider's Guide to Winning the Real Estate Game,' Real estate professionals should arm their clients with the information in this one-source text --they will thank you for it!" ~ Erica Christoffer, Realtor Magazine, National Association of Realtors "Turning Myths into Money" will tell you what you really need to know to deal with the real estate market. If you have any interest in real estate, you have to read this book." -- Jon Cook, President and CEO, Prudential California Realty "Richard Steinhoff's book comes at a time when America needs it the most. He provides real solutions to real problems. Clearly, the right book at the right time." -- Joe Niego, National Sales Trainer "H. Richard Steinhoff has created a 'no holds barred' guide that every 'would be' or active investor needs. If you want to take charge of your financial future, this is the book for you." -- Darius M. Barazandeh, Attorney at Law/MBA, Author and Investor "If I had a friend or family member buying real estate in this market, I would want them to have a copy of 'Turning Myths into Money.'" -- Brian Buffini, Chairman and Founder, Buffini and Company
