Full of useful, relevant, current and ACTIONABLE steps to increase your or your business's visibilityBy ErnestoI have found this book to be a very complete guide to building a platform. I like that it's not aimed at one specific niche but that the information can be tailored for a huge range of careers and business goals. I have found very useful instructions to increase visibility of my clinic's brand, for myself as a speaker and blogger and for my two other, completely unrelated, businesses. These pages are packed with tons of tips, guides and actionable steps that you can put into practice today to stand out in a crowded market. As a tip, if you are the kind of person who does not like writing on books, I strongly recommend you either get two copies or do as I did and get a kindle version AND a printed book. That way you can make annotations in one knowing the other one is "clean"hellip; Because you'll want to write things down as you read in order to make sure you remember and apply all the strategies shared here.1 of 1 people found the following review helpful. Straight advice from a platform pro on how to go proBy Tom StevensHaving been in the advertising business for 20 years, much of Wendy Keller's material was familiar to

me, but if you're new to platform--or brand--building, you'll love her succinct breakdown of all you need to know to start building your own marketing platform beginning as soon as you get her book. What really rang my bell were the practical methods she details for obtaining free PR coverage, and utilizing social media for amplifying and extending your reach. Great material from a pro to those who want to go pro!4 of 5 people found the following review helpful. I've been looking for this exact information packaged together. ...By Mary JacobsenI've been looking for this exact information packaged together. Thank you Wendy for saving me hours of my time and energy searching for it. A must read for those looking for the "how to's" and sound advice.

Marketing expert Wendy Keller delivers the ultimate guide to helping business owners differentiate themselves from the competition through branded marketing, dialed-in content designed to attract the right audience, create customers, and ultimately turn them into raving fans.
