Jeffrey B. Little : Understanding Wall Street before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding Wall Street:

0 of 0 people found the following review helpful. Add more on Ratios to evaluateBy Com ChaseThis a good introductory book, very useful to understand some of the basic operations at Wall Street. I would want to see a chapter covering the typical ratios to make diagnosis and why they may fail or when they can be used to establish stock value and trend. The book only mention the P/E and the PEG, but there are several other indicators.0 of 0 people found the following review helpful. Excellent Book Fifth EditionBy MarkExcellent book. This book is the Fifth Edition and has

expanded on many topics and added chapters. I remember reading the first edition back in the late 1980's. The book help me better understand stocks, bonds, and mutual funds. I highly recommend the book for beginners and advance investors.1 of 1 people found the following review helpful. I read this years ago, 1980's?By PhilinbosI read this years ago,1980's? and found it helpful - Purchased a copy for the kids - Don't know if any of them actually read it

One of history's top-selling investment guides--800,000 copies sold!--is now updated for a new generation of investors Praise for previous editions of Understanding Wall Street: "One of those rare publications that delivers exactly what it promises . . .consistently good." --Barron's "Among the best for the novice investor." --Los Angeles Times "A good practical education on the stock market." --Business Opportunities Digest Over the past quarter century, Understanding Wall Street has helped investors at every level understand exactly how the stock market works, and how they can build strong portfolios while limiting their exposure to risk. Now completely updated to help investors prosper in the new, no-limits market environment, the "little green book" includes: Two all-new chapters, updated charts and graphs, and nearly 40 percent updated, revised, or new material Strategies for uncovering valuable investment information on the Internet Analysis and explanation of the recent market crash, and how to avoid similar disasters

From the Back CoverOne of History's Bestselling Investment Guides--Now Updated for a New Generation of Investors Over the past quarter century, Understanding Wall Street has helped everyone from rookie investors to Wall Street veterans understand exactly how the market works and how to determine which stocks to buy ... and which to avoid. The fourth edition of this top-selling guide--still as easy-to-read, practical, and comprehensive as the first three--has been completely updated to help investors prosper in today's new, no-limits marketplace. Praise for earlier editions of Understanding Wall Street: "One of those rare publications that delivers exactly what it promises...consistently good." --Barron's "Recommended. An excellent introduction to stock market intricacies." --Booklist "Very thorough ... the Dow Jones becomes understandable, 'yield to maturity' makes plenty of sense, trendlines mean something to you, risk becomes more than a game, and puts and calls lose their mystery." --Dallas Morning News "A lucid guide to those downtown mysteries." --Newsday "Remarkable ... it remains as useful as ever ... Experience may be the best teacher, but this manual runs a close second." --American Library Book About the AuthorJeffrey B. Little has been a stock market professional for four decades, and currently writes and publishes Wall Street books and software. Formerly a senior analyst with Morgan Stanley and vice president with T. Rowe Price Associates, he also wrote The Great Index Mania.
