Gregg Thompson : Unleashed!: The Leader As Coach (Bluepoint Leadership Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Unleashed!: The Leader As Coach (Bluepoint Leadership Series):

2 of 2 people found the following review helpful. "Unleashed" is Truly Exceptional By Donald Nyberg The insights in this book for developing and unleashing a person's special talents are invaluable not only for the workplace but also for parents, teachers and others involved in coaching people. The concept of developing a talent in others that is different from the coach's special gift and which will hopefully surpass the coach is refreshing and can be expected to result in "Exceptional Performance". Our schools and our workplace trainers need to read and apply these principles if

they desire to improve. 0 of 0 people found the following review helpful. Effective book for CoachingBy StanThis book was a easy read, and to the point. "Unleashed!" sets an effective framework for effective coaching, and gives you practical tools to put into practice immediately. I would recommend this book to anyone interested in learning more about coaching as a development tool. 0 of 0 people found the following review helpful. Excellent book!By RenatoA well written book, excellent gift to colleagues, present a new way to engage leaders in coaching for excepting greatness !
