William Ratliff : Vietnam Rising: Culture and Change in Asia's Tiger Cub before purchasing it in order to gauge whether or not it would be worth my time, and all praised Vietnam Rising: Culture and Change in Asia's Tiger Cub:

0 of 0 people found the following review helpful. Reads like an academic paperBy Stephen McClainThis book is ok, if you are looking for something that reads like an academic paper. While informative, it missed the mark on giving the reader a true feel of how the economic changes the country is going through is affecting the common man. It has value if you're looking for a macro economic overview, but other titles do a better job explaining the people than this one does.3 of 5 people found the following review helpful. A fine look at one of the positively changing nations in recent historyBy Midwest Book ReviewVietnam has come such a long way since the notorious war. "Vietnam Rising:

"Culture and Change in Asia's Tiger Cub" takes a scholarly look at the economic rise of Vietnam in the recent years. William Ratliff discusses what led to this turn around, ranging from cultural influences, history, religion, and much more, changing Vietnam from a communist country to one of the freest markets on the planet. "Vietnam Rising" is a fine look at one of the positively changing nations in recent history.

From Vietnam's recent acceptance into the World Trade Organization to its post-Vietnam War reform and socialist ideals, this overview concisely examines the cultural, political, and economic changes currently at work in Vietnam within a historical context and discusses the effects such changes have had on businessmen and entrepreneurs. Useful for those evaluating potential relationships with Vietnamese businesses or investments in the country's economy, this study explores matters of credit, private enterprise, monetary policy, and the role of globalization.

About the Author William Ratliff is a research fellow at the Independent Institute and curator of the Americas Collection at the Hoover Institution at Stanford University. His articles on foreign policy have been featured in numerous publications, including Chicago Tribune, The New York Times, and The Washington Post.
